HEADQUARTERS FOR

Everything Known in Pansies

CROP 1909

With thirty-three years experience in handling **FLORISTS' SEEDS**—17 of which have been devoted to Pansies, we claim to be headquarters for "**EVERYTHING KNOWN IN PANSIES.**" Where can an assortment be obtained at home or abroad that will in any way equal the varieties and strains enumerated in the following pages?

All these years we have invited comparative and competitive tests both as to quality and variety. We do not claim to grow all our seeds—they are the product of some twenty-five Pansy specialists grown on special Pansy soils—they are the best that money can produce.

2724—Giant Golden, Dark Centre. See Section 2

SPECIAL BLENDS OF CLOVENA PANSIES

2732—Giant Diana. See Sec. 2

2737—Prize Medal Blend

We offer this mixture for strictly fancy exhibition stock. It is made up from seed saved from named prize awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend No. 2710, and is not intended for ordinary bedding or florists' sale stock, except for those who have a critical trade and can get the proper prices. With ordinary care or with the masses, it will be a disappointment, but under special cultivation, mammoth, round flowers of surpassing substance and quality will be produced.
